## INTERVIEW SUMMARY

An in-person interview with the Examiner was requested by the applicant to understand the basis of examiners statement in his Final OA dated 1-21-2010 to understand the basis of these statements underlying the rejection of the claims 51-70.

The in-person interview was held at the USPTO office, on 2-19-2010.

10 What was discussed was claims 51-70 and Treyz prior art. Applicant explained to the Examiner the difference between the cited prior art Treyz et al and the claims 51-70 of the current invention to the examiner and why these differences do not support rejections of the claims and the Examiner's response to Applicant's argument in the Final OA of 1-21-2010.

15              Applicant proposed and Examiner agreed to receive an Amendment after Final to make minor non-substantive amendments to the claims. Examiner agreed to review the Amendment after Final and discuss the matter with his SPE for further consideration.

20 Dated this the February, 27th, 2010

Respectfully submitted,
